## Crisp, White Finish Now Available for Armstrong® Linear Wood Grille Looks

*New finish also available on linear solid wood panels*

**LANCASTER, PA** – Armstrong® Ceiling Systems has added a crisp, white painted finish to its line of WoodWorks® Grille Ceiling Systems, giving architects and designers the flexibility to brighten a space with a linear grille visual.

The new white finish, which is also available on WoodWorks Solid Linear panels, offers a contemporary, specialty look in a standard product.

With the addition of the new Grille White finish, WoodWorks Grille and WoodWorks Solid Linear are now available in five finish selections, including Grille Maple, Grille Light Cherry, Grille Dark Cherry, and Grille Walnut. Custom finishes are also available.

### Backer and Dowel or Tegular Panels

panels. WoodWorks Grille Backer and Dowel panels are available in two standard blade sizes and are easily installed in the ceiling, on the wall, or as 90-degree angled or faceted ceiling-to-wall transitions. The solid wood panels can be ordered in custom blade sizes. A custom curved application with flexible backer is also available.

WoodWorks Grille Tegral panels feature solid wood blades that can be installed in a linear fashion or patterned for endless variety. Available in either vertical or horizontal blade patterns, the panels are designed so the suspension system virtually disappears. Continuous looks and clouds can be created with Axiom® Vector® trim.
