## Armstrong You Inspire™ Solutions Center Offers Free Design and Pre-Construction Assistance

*Service available for ceilings, exposed structures, and wall applications that require unique solutions*

**LANCASTER, PA** — The You Inspire™ Solutions Center at Armstrong® Ceiling & Wall Systems offers architects, designers, and contractors free design and pre-construction assistance to help them bring their one-of-a-kind ideas to life.

The service is available for all ceiling system designs that require a unique solution or need special attention, including one-of-a-kind products, custom applications, new systems, complex geometries, and challenging transitions.

Staffed by a dedicated team of design professionals, the You Inspire Solutions Center provides support from initial design, through product selection, integration with installation and accessories, customization, engineering, and specification to achieve the best possible finished installation.

## One-of-a-Kind Installations

Ideal for architects and designers with ideas for complex ceiling solutions who don't know exactly how to execute their vision, the You Inspire Solutions Center takes initial concepts and drawings, works within a budget, and writes a specification around the design.

The You Inspire Solutions Center offers design assistance services, including collaborative design, detail drawings, specifications, planning, and budgeting. Pre-construction assistance services include layout drawings for standard and premium products, project installation recommendations, and contractor installation assistance.
